About us

Founded in 2009, The Spice Lab is a woman-owned and family-run business specializing in creating exclusive, custom seasoning blends, offering numerous packaging options and low minimums. Our creative packaging designs offer maximum flexibility – from small bags and stand up pouches to glass jars, tins, plastic containers, gourmet gift sets and free-standing store displays. Our seasonings are all-natural, OU Kosher and most are gluten-free.

Products are processed and packed in our 75,000 square foot SQF certified facility in Pompano Beach, Florida that includes a design department, research and development kitchen with full-time chef, business offices and product showroom. With eight production lines, the company can produce more than 40,000 units per day.

Our extensive product line includes salts, award-winning seasonings and rubs, premium organic spices, peppercorns, natural sugars and unique gourmet gifts.
